25	Camp Milton	44 Featherbed Lane	Brewster	J	G8	
26	Harold Rescue League Of Boston	1887 Rte. 6A	Brewster	K	B	Yes
27	Wild Care	84 Underpass Rd.	Brewster	K	F4	
28	Brewster Veterinary Hospital	85 Underpass Rd.	Brewster	K	F4	
29	Brewster Council on Aging	1837 Main Street	Brewster	A	E4	

Critical Facilities and Infrastructure:

- A Emergency Facilities/Shelters
- B Public Safety Facilities
- C Hospitals/ Acute Care Facilities
- D Town Government Facilities
- E Wastewater Infrastructure
- F Hazardous Material Facilities
- G Schools
- H Nursing Homes/Elderly Housing
- I Group Day Care Facilities
- J Senior/Youth/Recreation Centers
- K Designated Emergency Animal Shelters/Hospitals
- L Marinas/Boat Yards

Critical Facilities and Infrastructure

FEMA Flood Zones (FIRM)

- "A" Zone - area of 100 year flood
- "V" Zone - velocity zone
- Critical Facilities not in SLOSH zone (*)
- Critical Facilities in SLOSH zone
- Hurricane Evacuation Route
- Evacuation route in SLOSH zone
- Repetitive Loss Properties
- Public Water Supply (**)
- Zone of Contribution
- Electric Transmission Line
- Railroad
- Bus/Rail Station
- Ferry Terminal
- Structurally Deficient Bridge
- Major Roads
- Town Line

Data Sources: (Note: not all features are present in each town.)

FEMA Flood Hazard Area: Flood Insurance Rate Maps, 1-4800, Federal Emergency Management Agency, 1986. Due to insufficient accuracy of the source maps, areas shown have been digitized and adjusted to match to match the MassGIS 1:25000 road network by the Cape Cod Commission. Exact flood hazard boundaries may need to be determined by land survey methods as used by FEMA.

*SLOSH Zone: (Sea, Lake, and Overland Surges from Hurricanes) These are areas of inundation modeled to occur from wind and pressure forces of hurricanes. The SLOSH zones are not shown on this map. The determination was based on consultation of the "Southern Massachusetts Hurricane Evacuation Study Inundation Map Atlas, December 1994" US Army Corp of Engineers.

** Critical Facilities in SLOSH Zones include properties where only part of the parcel is within the SLOSH Zone.

*** Public Water Supply symbol may designate multiple wellheads.

The Critical Facility labels on the map consist of a Parcel ID which corresponds to a table included on the map. The Facility Type can be identified from the key included on the map.

Repetitive loss property: Known to be incomplete, but based upon best available information from FEMA.

Evacuation Route: MEMA. Best available information from Local Comprehensive Emergency Management Plans on file with the Massachusetts Emergency Management Agency.

This map was produced by the Cape Cod Commission Geographic Information System Department for the Pre-Disaster Mitigation Project. Digital data used are from MassGIS and the Cape Cod Commission, 2003. Data bases associated with critical facilities were researched by AmeriCorps of Cape Cod.

Information depicted on this map is for planning purposes only. It is not adequate for legal boundary definition, regulatory interpretation, or parcel level analysis.
